

UtilityWeek

MEMBERSHIP

The news, insight and services trusted by utilities leaders to eliminate knowledge gaps, pre-empt change and empower their teams.

All major UK utilities are Utility Week members. Join the club.

Why become a member?

TURNING INFORMATION INTO TRUSTED INSIGHT

Our award-winning content team have unrivalled industry relationships, delivering you the latest news and developments. It's why we are read and trusted by all major utilities – and the leading organisations who support and work with them.

SERIOUS ABOUT UTILITIES

To forge a long-term partnership with utilities, you need to be part of their world. Utility Week membership arms your teams with the information they need to stay ahead of the market, and creates unique opportunities to access utilities leaders and position your business.

- News, insights and impact analysis help you understand what's top of mind for utilities, forecast what's coming next, and inform and validate strategic planning.
- Enjoy preferential members' rates for all our Utility Week products, from event sponsorship through to awards entries.
- Access Utility Week's content on any device – 7 days a week, 365 days a year.
- Join 100% of UK utilities at the industry's top table with exclusive member only webinars and preferential rates for conferences, to obtain behind-the-scenes insight into business leaders' thinking.

Membership benefits in detail

Access to all Utility Week content

Up to the minute news on regulation, policy, strategy, customer and technical issues. Award-winning market insight to inform and empower your teams – and campaigning journalism to support utilities in the modernisation of the market and the drive to net zero.

Ask Utility Week

What are the burning questions you've always wanted to ask about the utilities sector but never knew where to turn? This generative AI function offers members the opportunity to delve into our archives to find those answers.

Exclusive follow up from events

Members attending any of our conferences can access exclusive content and insights into the key talking points of the day delivered in a follow-up email, including reflections from the host.

Daily newsletter

Our most popular member feature, the Utility Week daily newsletter arrives in your inbox first thing in the morning with everything you need to know for the day ahead. Now updated to include additional commentary and insight on the day's events from our award-winning, expert journalists.

Digital Weekly

Our weekly round-up of all the most important developments across the utilities sector takes you behind the headlines to set the news in its wider context. Featuring interviews, analysis, site visits and comment from the Utility Week team and other experts.

Future Leaders Club

Nominate yourself or a colleague to join a community of future leaders. This annual club provides a voice for the next generation who are working to deliver a clean, sustainable and future proofed gas, water and electricity industry. The chosen members will be offered bespoke networking and event opportunities throughout the year, including a free pass to the Future Leaders Forum session at Utility Week Forum in November.

My Utility Week

Our market monitoring functionality allows you to select the companies, trends and individuals of interest and create your own watchlist alerts, letting you know whenever they have appeared in our coverage, with alerts delivered at a time and frequency convenient to you.

Flex monthly

This monthly review of the key energy flexibility stories will keep you up to date with the emerging trends, latest developments and key questions for the future. Each month features an exclusive comment piece as well as bringing all our energy flexibility coverage into one place so you're guaranteed not to miss a thing.

Access to member lounge at Utility Week Live

Connect with colleagues, and enjoy exclusive complimentary hospitality in the Members' and Speakers' Lounge at Utility Week Live.

Priority booking for UW & WWT events

Ensure your team never misses out on key events. Enjoy the best value with exclusive member pricing for UW and WWT events, while our membership team helps you identify the best events for your business.

Horizons

How will major societal shifts ultimately impact utilities? This is the starting point for a series of exclusive virtual events in which experts share their candid views on major talking points – from emerging technology to economics and the political landscape. Utility Week members then have the opportunity to ask questions and share their views.

Regulation Review

This monthly newsletter builds on Utility Weeks' reputation for forensic analysis of regulation across energy and water. Filter out the noise to read about the decision that really matter and how they fit into the wider context

Preferential pricing for all Utility Week products

Members enjoy members' rates for all Utility Week sponsorship, plus event tickets, awards entries and tables. Join our community to benefit.
